Snorkel gear	No
Tennis racquets	No

** Casa Del Mar filters the water and it is perfectly drinkable. Still, some people may prefer to bring or buy bottled water. The store at Casa Del Mar carries small bottles of water only.

*** Some parts of the beach can be rough on the feet. For great tidepooling and long-distance beach strolling, bring some aqua socks or beach shoes.

If you forgot something, the Casa del Mar resort has a small store open every day. Items for sale include suntan lotion, hats, sunglasses, sandals, T-shirts, snack foods, soft drinks, magazines, and lots of souvenirs. There is also a larger grocery store only a few miles down the road.
